

## SURGICAL INFORMATION PACKET

Dear Client,

Your pet has been scheduled for an upcoming surgery in the near future. In our attempt to assist clients, we have put together this packet to make the surgery day as easy and stress free as possible.

In addition to this letter, you will find the following information has been included below:

1. Pre-Anesthetic Blood Testing Information form (**SIGN AND BRING IN DAY OF SURGERY**).
2. Surgical Consent Form (**SIGN AND BRING IN DAY OF SURGERY**).

Please read carefully all of the included information. If you have any questions, please feel free to call us.

We REQUIRE a phone number where you can be reached the day of surgery. FAILURE TO BE REACHED ON THE DAY OF THE PROCEDURE MAY RESULT IN POSTPONEMENT OF THE SURGERY.

The night before your pets surgery:

- **Withhold all food and treats after 8pm.**
- **Water may be left down until drop off of pet.**
- **If you are currently administering any medications, vitamins, and/or injections, withhold the morning doses unless otherwise instructed by the doctor.**

Please make arrangements for your pet to be dropped off the morning of the surgery. At the drop off time, our team will be happy to answer any questions/concerns you may have and collect the completed information forms.

You are welcome to check on your pet's status however; we request that you allow plenty of time for your pets procedure to be completed. We will contact you after the procedure is complete and give you an updated discharge time. When you arrive to take your pet home, please allow adequate time for information on medications and discharge instructions. If you do not understand any of the instructions, please do not hesitate to ask at this time.

We hope surgery day will be a pleasant experience. Remember, our team knows that surgery can be an anxious time and we are always available to answer any questions concerning the upcoming procedure.

We look forward to serving you and treating your pet on the upcoming surgery day and for years to come.
